

Item 3.3—CABE 2018 Theme and Artwork

Proposed Themes:

What has guided us in creating these options is that we will be in the post Prop 58 year and need to strategically promote Multilingualism to grow the number of programs in our schools along with building and growing our Multilingual community locally and globally. In addition, since we are in Sacramento, the role of policy and legislative action is center. And of course a great majority of the CABE Conference is support teachers with resources and powerful practices and strategies to use in the classroom. Here are some different options:

1. Promoting Multilingualism: From Policy to Powerful Practices
2. Promoting Multilingualism: Creating Global Communities

Proposed Images for Artwork:

- 1) **Sandra Silberzweig (we proposed this one last year and I still like it!)**

- 2) **Yuri Morales**

3) Synthia Saint James

4) John Parra
