## Chapter 08 – Patterson META

### CHAPTER MEETINGS

META will be setting its annual meeting calendar later this month. The Executive Board met on September

META is in process of planning two professional development events. Details will be available later this fall.

META will be submitting a STARTALK grant in collaboration with Patterson Joint USD again this year.

Proposals are due at the end of the month. The program, MOSAAIC, focuses on providing summer opportunities for students to learn Arabic. This coming summer, the focus will be on engaging students in project-based learning. The STARTALK visit to this past summer's program went very well, and our program received many positive comments from the reviewers.

META offered its first **Dual Language Education Parent Academy** this fall for Patterson JUSD. The academy was delivered over four half-days and provided attendees with a DLE Parent Handbook and Journal, both of which are available in English and Spanish. Francisca Sánchez and Peggy Morrison were the facilitator/trainers for the first round of training.

META Board Member Francisca Sánchez attended her first NABE Board meeting in July and was elected secretary of the Board. She also participated in the NABE DLE Institute.

### Bilingual Teacher Professional Development Program

META has been asked by the Patterson JUSD for a letter of support for its submittal of a BTPDP proposal. If this grant is funded, we expect that we will be called on for advice and possibly to provide professional.

META's former president, Ernesto Calderón, resigned this summer. Vice-President María Cárdenas is serving as interim President until META is able to hold elections in the early spring.
