## What is CABE'S Plan?

- What are your size needs:
  - 6 months from now
  - 3 years from now
  - 5+ years from now
- Locations: Single V. Multiple
- Allocation of Funds: Cash reserves

909.373.2716 cjohnson@lee-assoc.com BRE #: 01934154

•Lease Additional Space	•Purchase Additional Space and Lease 16033 to a Tenant	•Sell 16033 and Purchase a Larger Building
Pros: •Will temporarily alleviate the space constriction •Can be done quickly	Pros: •Keep 16033 San Bernardino Road as an asset. •Receive supplemental income from a tenant.	<ul> <li>Pros:</li> <li>Equity is maintained in a new asset.</li> <li>A bigger building can facilitate all current space needs and future growth.</li> </ul>
Cons: •Only a temporary fix. •Does not result in CABE building equity in an asset (Sunk Cost).	Cons: •Upfront cost of \$5-\$7 per square foot + vacancy period should be considered. •Management Responsibility.	Cons: •Does not enable CABE to have two offices, if future need requires it.
Comments: •This is only recommended if CABE's requirement is fast or time/location flexibility is required.	Comments: •If CABE intends on using this building as a second office again in the future, this choice can offer flexibility.	Comments: •This option fits best for an expansion plan and allows CABE to keep its equity through a 1031 exchange.

## **How to Move Forward**

- 1. Decision maker is critical.
- 2. Prepare to create your perfect building.
- 3. Be prepared to act quickly.
