

Using AI to Improve the Writing and Critical Thinking Skills of English Learners

Wednesday, October 1, 2025 at 4:00 pm (PST)

CABE Members & Educators at Large, Enhance Academic Integrity & Writing Outcomes Through Proactive Plagiarism Prevention and Real-time Feedback, Essential for English learners!

Carolyn Ash

Packback's National Partnerships Director, K12 School Districts

Andrew Baza

High School English Teacher, Orosi High School

Kathleen Giannandrea

Assistant Director of Equity and Diversity and Teacher Leader in the San Joaquin Valley Writing Project (SJVWP), California Association of Teachers of English (CATE) Board Member, High School English Teacher, Orosi High School, and AVID Coordinator, Cutler-Orosi Joint Unified School District

Join us to learn how teachers empower students to leverage instructional AI to become stronger writers and critical thinkers. CABE has invited special guests from Cutler-Orosi Joint Unified School District and Packback to share stories from Orosi High School ELA classrooms about nurturing students' potential, building students' confidence to communicate in their unique voice, engaging ELL students in class discussions, and providing high quality feedback and scaffolded support. . This webinar is geared towards high school teachers and district leaders who are passionate about improving the equity of writing instruction for all high school students. The webinar will also include a demonstration of COJUSD's engagement and writing solution: Packback!

Key Benefits of Packback:

Improved Writing Outcomes: Students build confidence, develop their unique voice, and strengthen essential writing skills—preparing them for college, careers, and success on state benchmark and AP exams.

Increased Student Engagement: By encouraging curiosity and originality, Packback inspires a deeper love for learning and greater connection to course content.

Time Savings for Teachers: AI-powered grading assistance allows educators to assign and assess writing more frequently, with faster, more consistent feedback—freeing time for personalized student support.

Discover how Packback can help create a culture of integrity, originality, and lifelong learning in your classrooms.

We hope you can join us for this FREE Webinar!
