## ABOUT ME

Hello Everyone! My name is **Bibiana Garcia** and I am excited to run for the role of **CABE Director of Parent Relations**. I am a migrant mother of three bilingual children who are English learners. CABE is a community I highly value, where everyone comes together with one goal which is the success of our students and a multilingual future for our communities at a state and global level. I have been an active parent for over 15 years and understand the barriers that come with that. If elected my commitment is clear: to continue creating opportunities so parents have the tools to guide and support their children. **Because when we empower parents we transfer the future. I would be honored to have your vote.**
